

Our Famous Underground Hide!

You're sitting on the deck at The Hide 'A' frame. The sun has just set. Just then, a family of elephants strolls into the scene and up to the waterhole.

You watch, fascinated by their interactions. Now, here's where you jump into action. Without the need for a guide or host, you can go directly into the underground hide. Just step off the deck and slip down the steps into a whole new world.

Along a tunnel, you'll walk for about 20 meters under the surface of the earth – and then emerge into a "window on the waterhole", where you can sit quietly, the unobserved observing.

Along the same tunnel, guests are delighted to find, hidden away in the wall, a wine cellar. Perfectly cooled, ambient-lit and stocked with a small selection of fine wines from around the world, this is a welcome addition to an already all-sensory experience at The Hide.
