**We hope you have a spectacular time!!**

## SIGNATURE ACTIVITIES

### Guided Island Hop

USD 195 pp

*This is Azura's signature activity. It is a fantastic combination of some of the best activities we have to offer! Departing by boat you will head to the Bazaruto dune. The expression 'on top of the world' will come to mind once you reach the summit of the dune as you will enjoy the most incredible panoramic views of the northern tip of Bengueria island and of course of Bazaruto itself, surrounded by the stunning azure waters of the archipelago. From there you hop across to Pansy Island. This tiny spit of sand all but disappears during high tide. Then when the tide draws back it reveals numerous delicate pansy shells. Please note as we are part of the Marine National Park it is not permitted to take anything from our shores. The next hop is across for an amazing snorkel on the shallow side of 2 Mile reef. The reef is literally teeming with fish life, turtles and rays! It is snorkelled on a low tide so that you are closer to the reef and so that the sun's rays can light up this undersea paradise. Your final hop will be to North Point, the northern most tip of Bengueria, where you will be greeted with a beautifully set up picnic lunch to feast on, accompanied perhaps by a chilled glass of our Chateau Pas de Loup Rosé. The departure time varies depending on the tide and the whole trip will take approximately 4 hours.*

Guided Island Hop with BBQ picnic

USD 225 pp

## Paradise Island (Hotel Santa Carolina)

USD 250 pp

Located on the smallest of the five islands which make up the Bazaruto archipelago, explore the incredible ruins of the once magnificent Hotel Santa Carolina, where Bob Dylan composed his famous song on Mozambique. The hotel opened its doors in the early 1950's but closed in 1973, as you wonder through the ruins you can only imagine how glamorous it all must have been in its hey day.. After exploring the ruins enjoy a relaxing few hours on this heartfelt island stroll straight off the beach into the sea and enjoy some unparalleled snorkelling, often seeing turtles on the abundant reefs. Once you have finished snorkelling, delight in a mouth-watering picnic lunch set up on the beach. Departing in the morning, the boat ride is approximately 45 minutes with dolphins and sometimes the rare Dugong spotted along the way. You will return to Benguerra late afternoon. Archipelago Charters also offers the opportunity to whisk you to and from Paradise Island by helicopter (for a supplement), enjoying a scenic trip on the way.

## South Point Picnic

USD 100 pp

Imagine endless deserted white sand beaches and in the distance a table and chairs set up under the shade of an umbrella, with a bottle of wine chilling in an ice bucket. Welcome to South Point. Stroll along the beach which takes you from one side of Benguerra Island to the other, around the southern-most tip. Drink in the unimaginable range of blues which the waters surrounding the island offers you and then go ahead and immerse yourself in it. Finally, delight al fresco in an array of beautifully prepared food. The drive by Land Rover to South Point takes approximately 30 minutes.

Learn about flora and fauna, much of it indigenous to only this island and climb the magnificent Benguerra red sand dune on the 'wild side' to take in the breath-taking panoramic views of the island. This 2 hour activity is available twice a day, departing from Reception at either 9.00 a.m or 3.00 p.m. It is guided by a local islander, with refreshments available on board the vehicle.

### Dhow cruise

Inclusive

Sit back, relax and join our boat crew at sunset for our traditional Mozambican dhow cruise. Enjoy seeing the island from a different perspective whilst you sip on a sundowner and sail along the leeward side of Benguerra Island. A dhow is a traditional sailing vessel, still widely used all along the East African coast. Our crew will show you how they are able to navigate this incredible vessel by using a lateen sail, a triangular sail set on a long yard mounted at an angle on the mast, which enables the vessel to tack "against the wind". For centuries they have been used as trading vessels carrying heavy loads such as water, fruits and merchandise. Today they are still built in the traditional way, from using naturally curved pieces of wood to using cotton and fat to fill the spaces between the wood making the vessel seaworthy! The dhow will set sail from in front of the main area of the lodge an hour before sunset. No shoes are needed.

Your first dhow trip is complimentary, thereafter the price is:

USD 65 pp

### Snorkelling at 2 Mile reef

USD 85 pp

Immerse yourself in the underwater world. 2 Mile reef is a flourishing reef, abundant with marine life, located within a Marine National Park. A guide will join you in the water and point out things of note. Turtles are often seen at this spot. The reef is best enjoyed at low tide therefore the departure time will reflect that. The round trip is approximately 2 hours.

### Whale Watching

USD 120 pp

Trips to watch humpback whales are available in season (from July to October), if we are lucky we will see these beautiful animals breaching and lob tailing- sometimes they are even spotted swimming past in the deep waters just off from the beach. Dolphins can be spotted all year round. The site is known to be important nursery area for bottlenose and humpback dolphins.

The Bazaruto Archipelago offers some of the best big game, reef and bill fishing in the Indian Ocean. Species include Black Marlin, Sailfish, Tuna and Bonito, King/Queen Mackerel, Prodigal Son, Wahoo, Dorado, Barracuda and Giant Trevally, which can often tip the scales at over 25kg. Fishing is a sport for everyone, from beginner to totally hooked. Azura operates a strict tag and release policy for all Billfish and other protected species. You can either choose to go trawling with our experienced local guides or use a third party specialist fishing guide, who offer Saltwater fly fishing, jigging for Giant Trevally and other specialist techniques. ## Scuba Diving

The reefs within the Bazaruto archipelago offer some of the most sublime diving in Mozambique. Situated in a Marine National Park the coral life is especially healthy with a huge diversity of marine life including turtles, moray eels and rays, plus a wide variety of each fish species, always indicative of a healthy reef. For the small stuff, look for incredible nudibranchs and several species of shrimps. The topography of the reef is also stunning with a ridge running along for approximately a kilometer and scattered bommies, teeming with life, dotted along the edges.

It is all drift diving, with the dive leader carrying a reel attached to a surface buoy meaning the boat always knows where you are and comes to collect you at the end of the dive, which is nice and easy. Rates are per person and include all equipment, refills, refreshments and the instructor leading the dive. There is a minimum of 2 persons per dive and we offer no reduction for own equipment. We ask that appropriate certification/medical certificates be shown prior to diving.

### Options:

Single Tank Dive – 2 Mile Reef or Manta Reed	USD 110/120 pp

Additional supervised dive	USD 120 pp
4 Dive package	USD 350 pp

One of the obvious focuses is on the amazing pristine environment here at Azura. Children can enjoy learning about interesting marine life above and below the water, experience cultural encounters, climb dunes, look for crocodiles (from a safe distance!), taste the island's fruits and perhaps learn a new skill or two. With miles of deserted beach... it's paradise here for families too.
