The island was declared a World Heritage site in 1999 because of its historic political importance, having been the forced home of Nelson Mandela for 18 of the 27 years that he was a political prisoner of the apartheid regime. It is advisable to allow us to pre-book this very popular tour for you. Allow half a day for this tour.

It was recently crowned as the seventh natural wonder of the world. A four minute cable car ride will take you to the 1067m “table top”, with spectacular views on the way up.
